## Health Benefits Open Enrollment Guide

# IMPORTANT NOTICE: READ CAREFULLY

This Benefits Guide briefly describes CalPERS medical coverage and where you can obtain information. It also outlines other benefit choices and your options to enroll. All benefits, and your eligibility for benefits, are subject to the terms and conditions of the benefit plans, including group insurance contracts. The Guide is not intended to be a complete description of the District's benefit plans and it is not a summary plan description or plan document. In the event of any conflict or discrepancy between this Guide and the plan documents, the plan documents will govern. This Guide is not a guarantee of current or future benefits and you are responsible for knowing and understanding the contents of this Guide. If after review you have any questions, you should contact the Benefits Department immediately.

## Understanding Your Rights: Read All Notices

Retirees and family members eligible for the District's benefits may have rights under applicable federal or state laws. This Guide does not describe all provisions or rights. If eligible, you will receive separate information and notices explaining those rights, such as:

**Privacy Rule:** The Health Insurance Portability and Accountability Act (HIPAA) includes provisions to protect the privacy of health information for group health plan participants. Provisions are explained in the District's Privacy Notice.

**Health Plan Protections:** Health plan benefits must meet the requirements of the Women's Health and Cancer Rights Act and the Mothers' and Newborns' Health Protection Act. These provisions are explained in the carrier EOCs and this Guide.

**Coverage Continuation:** The Consolidated Omnibus Budget Reconciliation Act (COBRA) offers the opportunity to continue your group health coverage after certain qualifying events (such as leaving the District, or a child reaching the plan's age limit). These provisions are explained in the District's General/Initial COBRA Notice.

**Summary of Benefits and Coverage (SBC):** Information regarding the SBCs can be found on page 15 of this Guide and are on the CalPERS website.

## Making Changes

You can enroll/change dental benefit plans during open enrollment. Coverage stays in effect for the entire plan year (January 1, 2021 – December 31, 2021). You cannot change your coverage, start coverage or add any family members to your coverage during the plan year unless you have a HIPAA special enrollment event.

## HIPAA Special Enrollment Rights

Under the health Insurance Portability and Accountability Act of 1996 (HIPAA), a retiree has the right to enroll family members if:

- You get married
- Your spouse loses other group coverage
- You have a child born to or placed for adoption

For any HIPAA special enrollment event, you must request enrollment within 30 days after you get married, your spouse's other group coverage ends or you acquire the new dependent.

For more information or to request special enrollment contact the Benefits Department at (510)-644-6666 (press 1) or CalPERS.

# Enrolling or Making a Change

## Enrolling or Making Changes

You will need to make choices about which benefits you'd like to participate in during "enrollment windows."

Enrollment windows are specific times that will require you to take action and select your benefits. CalPERS will continue to be your Health Benefits Officer for medical coverage. You should take action:

- When you or your spouse (if enrolled) turn 65
- When you experience certain HIPAA special enrollment events such as getting married or adding a child; you must report these events within 30 days in order to make any allowable changes to your benefits.

Any changes you make to dental during this Open Enrollment period become effective January 1, 2021.

Enrollment/change in a medical plan will require CalPERS to receive your enrollment form and other applicable documentation no later than October 16, 2020, for a January 1, 2021 effective date.

## Enrolling in CalPERS Medical

1. Review your options, ask questions and talk with your family. CalPERS medical provides carrier options for both HMO and PPO. If you're enrolling in a CalPERS medical plan:
  - a. Check with your doctors to find out which plans they participate in.
  - b. If you take any prescription medications regularly, contact the new plan to find out how these drugs are covered (for example, formulary or non-formulary drugs).
  - c. If you have questions, call CalPERS directly at (888) 225-7377 or you can contact the medical plan's Member Services number or visit its website (contact details can be found in the ***CalPERS 2021 Health Benefit Summary***).
2. Consider not only your current circumstances but also what may be happening in your life in the future. Outside of the Open Enrollment period, you will not be able to make changes to your benefits unless:
  - a. You have a HIPAA special enrollment event (for example, you get married or have a child).
  - b. You or your spouse (if enrolled) turns 65.
  - c. You move out of your HMO service area.
3. Review the ***CalPERS 2021 Health Benefit Summary*** to view your medical options and this Guide for your dental options. Consider the following when choosing a medical plan:
  - a. What the plans cover.
  - b. Your estimated usage. Does your plan choice adequately cover the services you use most or will need in the future?
  - c. Flexibility in choice of doctors, hospitals and how you receive care. Each plan may include a different set of doctors, hospitals or have different rules for how to receive care.
  - d. Verify service areas and provider availability since all medical plans make ongoing changes during the year.
4. Use available tools to evaluate your needs and decide what's right for you.
  - a. Go to <https://pcms.plansource.com> (Username: BUSDRetiree Password: benefits) to review medical and dental information or;
  - b. Visit [www.calpers.ca.gov](http://www.calpers.ca.gov) to view medical plan information only. Under "I Want To..." Click on "View Health Plan Rates." or ;
  - c. go to: <https://www.calpers.ca.gov/page/retirees/health-and-medicare/retiree-plans-and-rates>
5. Have the right information handy. When you start the enrollment process, you'll need:
  - a. Your Social Security number
  - b. The names, birth dates, and Social Security numbers of any dependents you wish to enroll, or of any beneficiaries you wish to designate;
  - c. Dependent Certification—refer to the CalPERS website or call CalPERS at (888) 225-7377 to determine what certification is required.

## You Want to Know What Happens After Enrollment

### ID Cards

After you enroll for the first time, you will receive an ID card from the CalPERS medical plan you select. You will not receive an ID card for dental coverage unless enrolling in the DeltaCare DHMO Dental plan. Coverage is effective January 1, 2021 **even if you do not receive a new ID card by this date**. Coverage for medical will depend upon your timely enrollment with CalPERS.

When you receive your ID card, confirm that all information is accurate. If not, contact CalPERS for medical and the Benefits Department for dental right away.

### Selecting Primary Care Physicians

You are not required to select a primary care physician (PCP) if you enroll in one of the CalPERS PPO plans. However, most HMOs (medical and dental) require that you and each of your covered dependents select a PCP from the plan's network. Kaiser is the only HMO medical carrier that does not require you to choose a PCP. With Kaiser, you can visit any of the primary care physicians at the facility of your choice. If you enroll in the DeltaCare (dental DHMO) plan, you must select a dental office.

When you first enroll, you'll need to designate your choice of PCP for your CalPERS HMO medical plan and DeltaCare dental. If you don't designate your preferred PCP, the HMO will assign one for you. To choose a different PCP, call your plan carrier after you receive your ID card and request that your PCP be changed. PCP changes are not effective immediately. Generally, the change will occur the first of the following month.

### Premium Costs

The collective bargaining contract in effect at the time of your retirement outlines the terms and conditions of your eligibility and defines if you qualify for a District contribution toward the cost of your retiree health insurance benefits (medical and/or dental). After the period during which the District has agreed to pay some or all of your premium, you may remain on the BUSD health plan by paying the entire amount of your own health plan premium.

**CalPERS medical premium**— can be found on the CalPERS website. Premiums will be deducted from your monthly annuitant check effective January 1, 2021. If your check is not large enough to cover your medical premium, you will be billed. If you are receiving a District medical subsidy, reimbursement processes will continue through BASIC pacific.

**Delta Dental premium**—can be found on page 12. BASIC pacific will continue to bill for the dental premium minus any District subsidy (if any).

# ANNUAL NOTICES

**Newborns' and Mothers' Health Protection Act** Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, contact your health plan.

**Patient Protection Act** The CalPERS HMO Plans generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. Until you make this designation, the plan will designate one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the plan at the phone number on the back of your ID card. For children, you may designate a pediatrician as the primary care provider. You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the plan at the phone number on the back of your ID card.

## Special Enrollment

If an eligible employee declines enrollment in this group health plan for the employee or the employee's spouse or dependents because of other health insurance or group health plan coverage, the eligible employee may be able to enroll him/herself and eligible dependents in this plan if eligibility is lost for the other coverage (or because the employer stops contributing toward this other coverage). However, the eligible employee must request enrollment within **30 days** after the other coverage ends (or after the employer ceases contributions for the coverage).

In addition, if an eligible employee acquires a new dependent as a result of marriage, birth, adoption or placement for adoption, the eligible employee may be able to enroll him/herself and any eligible dependents, provided that the eligible employee requests enrollment within **30 days** after the marriage, birth, adoption, or placement for adoption. If the eligible employee otherwise declines to enroll, he/she may be required to wait until the group's next open enrollment to do so.

Furthermore, eligible employees and their eligible dependents who are eligible for coverage but not enrolled, shall be eligible to enroll for coverage within 60 days after (a) becoming ineligible for coverage under a Medicaid or Children's Health Insurance Plan (CHIP) plan or (b) being determined to be eligible for financial assistance under a Medicaid, CHIP, or state plan with respect to coverage under the plan.

## Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call the plan at the phone number on the back of your ID card.

## Summary of Benefits and Coverage (SBC)

As required by the Affordable Care Act (ACA), health plans and employer groups must provide the Summary of Benefits and Coverage (SBC) to eligible employees and family members, who are: Currently enrolled in one of the group health plans or eligible to enroll in one of the plans, but not yet enrolled. As such, an SBC for the health plan you are currently enrolled in is available to you and your dependents, if applicable. The SBC provides important information about the Plan's benefits and your rights as a Plan participant. The Affordable Care Act (ACA) also provides a Uniform Glossary of Insurance and Medical Terms. A paper copy of this Glossary is available upon request. All SBCs and the Glossary can be found on the CalPERS website. Refer to page 4 or page 14 for login information.
